9:00 Compline

### **Daily Classes**

Campers get to choose 2 classes to specialize in for the week. The classes include:

**Adventure:** Learn how to build fires, shelters, go on hikes, use compasses and learn about environment awareness.

**Archery:** Our ACA certified Archery instructor teaches campers proper archery technique and challenges them to become humble archers.

**Arts & Crafts:** Let your creative side out in this daily class.

**Big Games:** Kickball, Capture the Flag, Dodge Ball, Team Challenge activities are just a few of the games you play in this energy filled daily class.

**Swimming:** Our certified lifeguard and swimming instructor leads two types of classes. One class learns swim basics like floating, bobs, simple strokes. The other class is for the more advanced swimmer learning more advanced strokes.

## **Evening Programming**

### **Sunday- Sunday Night Campfire**

This is a show we put on for the campers for their first night at camp. We have skits, introduce the staff, sing songs, introduce the theme, and have commercials for the daily classes the campers get to sign up for.

### **Monday – Monday Night Live**

The campers take part in a fun and adventurous evening of an all-camp activity around the whole camp. This can be anything from a big game of capture the flag to a staff hunt.

### **Tuesday- Religious Experience**

This evening consists of taking our camp theme and having an all camp activity that focuses on the theme in a fun and creative way.

### **Wednesday- Camp Out**

This evening we take campers out to our camp-out area and the campers make tin foil dinners that we cook over the fire. We have s'mores and also a fun evening activity. We then stay out over night in tents.

### **Thursday- Wild & Wacky Olympics**

Relay races involving Cookie Plinko, Fun Bat (Yeah!), Waiter-Waiter and more fill this night with fun and excitement ending in the camp favorite Sundae, Sundae, Sundae!
